

STAGE LIQUOR FIGHT ON REFERENDUM HERE

Petitions Will Be Filed in Oklahoma for Vote on Prohibition Amendment, Distillers Say.

QUESTIONS ENFORCEMENT

Committee Meets in Chicago and Raises Doubts of Concurrent Power of Congress on Issues.

CHICAGO, April 22.—Practicability of enforcing the national prohibition amendment by "concurrent power" of congress and the states was questioned today at a meeting of the division committee in charge of the distilling industry's fight against prohibition.

The point was raised in an opinion submitted by Levi Mayer, counsel for the committee, following reports that referendum petitions had been filed, were in process of filing, or were in circulation in cities, Missouri, California, Washington, Oregon, Nevada, New Mexico, Nebraska, Oklahoma, Kansas, Colorado, Michigan, and Maine.

"In my opinion section 1 of the amendment, not self-executing and until legislation has been enacted to enforce the amendment, the latter will have no effect and we are practically at a dead letter," said the division, which added that that was confirmed in the next section which expressly provided for enforcement by stating that congress and the several states shall have concurrent power to enforce this article by appropriate legislation.

"It is, of course, impossible for congress and the legislatures of 45 states to act jointly, that is, con-

currenly. The congressional and legislative work of congress and the 45 different legislatures cannot be exercised in the same instant. It may lead to confusion that is almost incompre-

hensible. Furthermore, if any of the 48 states acts in a way different from that in which congress acts, then, or if congress legislates first and the state subsequently or if any state legislates first and congress does not, and the provisions of such legislation are not identical, the conflict to which I have referred will instantly arise."

SIX THOUSAND POINT BOYS MAKE 3 HUNDRED MARKS

Tulsa newboys got away with a flying start in the race for the 1,000 points necessary to admit them to the fourth annual newboys' camp at Camp Tablequah on the beautiful Illinois river. In the regular weekly meeting of the newboys' club held last night at the Y. M. C. A., reports indicated that more than 60 members had earned the 300 mark and several are confident of making the required 1,000 points before the end of the month.

Special prizes are to be awarded to those making the highest marks and all who go "over the top" with 1,000 will be allowed to wear a badge of honor. "The camp this summer is exciting an unusual amount of interest among the boys," said Mr. E. Burkholder, boys' secretary at the "Y." "and competition promises to be mighty keen."

Point leaders will be needed in connection with the camp and Mr. Burkholder is giving a course of six weekly classes to prepare the boys for the work.

LIMERICK STRIKERS GET BETTER OF ARMED GUARDS

LIMERICK, April 22.—The entire town of Limerick was so laughing this afternoon over the matter in which the strikers, who Monday afternoon attempted a hurling contest across the river, and in the evening were refused permission to return home over the Sarfield bridge, outwitted the military and got home.

Marching from the Clare end of the bridge to a long pavement they boarded a train for Limerick. When the station was reached the persons left the cars and tried to pass the gate. While the argument was proceeding the other passengers who had remained concealed in the train, darted for the other doors and windows, and scattered in every direction. The guard was unable to hold them and all soon were home.

The strike leaders promise further developments, but it is believed nothing will be done until the Irish labor congress leaders arrive from London. The time for their arrival is being kept secret.

REPUBLICAN PAPER TO START AT BRISTOW

Special to The World.
BRISTOW, Okla., April 22.—There is a rumor current here that Bristow is to have another newspaper in the near future, perhaps within the next 60 or 90 days. The new paper is to be backed by some of the most influential business and moneyed men of this city and will be of the republican political faith. The plant will be new in its entirety and will be under the management and direction of one of the best known newspaper men in eastern Oklahoma. The Republicans of the west side of Creek county have long felt the need of a newspaper which can express their political views.

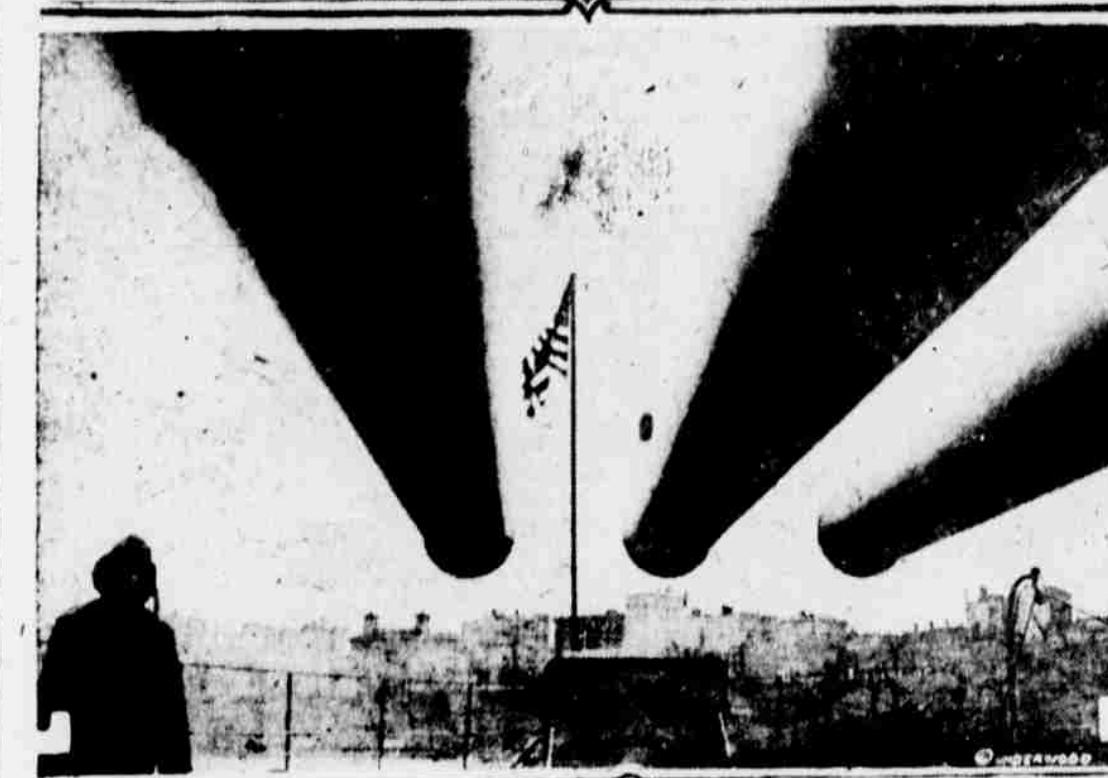

Warehouse Falls.

YAZOO CITY, Miss., April 22.—Two thousand tons of cotton seed, valued at \$126,000, were at least partially destroyed in the collapse here today of a warehouse owned by the Producers Cotton Oil company, situated over the backwaters of the Yazoo river. How much can be salvaged had not been estimated to-night.

Cotton Exports Increase.

WASHINGTON, April 22.—A large increase in the March exports of cotton was reported today by the bureau of foreign and domestic commerce. Shipments abroad amounted to 961,631 bales in March last year. For the first nine months of the fiscal year exports of cotton were 3,801,882 bales, about 82,000 bales more than the same period last year.

Trained On New York

How New York skyline looks to sailors training 14-inch guns of U. S. S. Pennsylvania on city from Hudson river.

New York, great city of stone, concrete and steel that it is, would be wiped off the earth in a few minutes if the giant U. S. warships now lying at anchor in Hudson river were enemy ships and trained their guns on the city. This odd picture shows how part of the city looks to the gun crew on the U. S. Pennsylvania is one of the biggest ships of which the navy boasts. What wouldn't these three great guns do to that skyline in a few minutes alone? One hundred and three fighting ships are lying in the harbor during a two-week review and celebration for the gods abroad.

NEW ADMINISTRATION OF SAMOA IS OPTIMISTIC

AUCKLAND, N. Z., April 22.—Robert Logan, the New Zealand administrator of former German colony, says that the future of the colony, very bright, cattle raising and coconut growing are two important industries.

Colonel Logan said that former German Samoa had been self-supporting since New Zealand military occupation in 1917, trade increased over that of 1916 by over \$1,000,000, and the figures for 1918 would have been a record but for the epidemic of influenza. The increase in trade was mainly due to the United States. Asia, said Colonel Logan needs a harbor and wharf where vessels may discharge cargo in any weather instead of having to discharge in the open roadstead.

Earnings of Sinclair Company For 6 Months Are 81.2 Million

Oil company of valuable leases. These properties are now being actively developed, he says, and in his opinion, they should create a valuable additional asset of the company.

"Your company is well situated, the expansion will be little difficult, since the signing of the armistice is returning to a peace basis in the sale of its products. With the exception of fuel oil little adjustment of the market for its products has been necessary."

The board of directors of the Sinclair was increased from twenty-one to thirty-one members. The new directors are George H. Flynn, O. A. Gerstung, J. G. Hawkins, J. G. Johnson, H. J. Howell, C. A. Lockhardt, Jr., K. Porter, W. C. Opat, R. W. Pastland, A. Steinmetz and A. G. Wadsworth.

Special to The World.
BRISTOW, Okla., April 22.—Not earnings of the Sinclair Oil and Refining company for the six months ending December 31, 1918, was approximately \$1,200,000. In making this announcement at the annual meeting of the stockholders H. E. Sinclair, president, stated this sum was arrived at before deduction of depreciation, amortization and Federal taxes. The net earnings of the company for the twelve months ending June 30, 1918, were \$11,344,722.

In reviewing operations Mr. Sinclair informed stockholders that the company's interests have been further extended in the Ranger fields of Texas by the acquisition, jointly with the Texas & Pacific Coal and Oil company, of the Sinclair Gulf

oil holdings in the Texas fields.
